

Expressions of a Tailor

At the beginning.....

“I want ten suits!”

That’s 35 metres to cut

Tailor can’t read his writing

1<sup>st</sup> fitting. Customer’s lost weight.....

...2<sup>nd</sup> fitting. “Phew!” puts it back on again.

Customer has changed his mind about the fabrics

One day left to finish suit

Customer forgot to bring his cheque book

Suits delivered. “Thank you” email from customer

.....The end.
